Rep. Hutton's Statement on the Governor Signing the Mining for America Act

RHINELANDER – “I applaud the Governor for signing this important pro-economic development legislation,” said Representative Rob Hutton (R-Brookfield). “Mining has been an important part of Wisconsin’s history and, with the enactment of this law, will be an important part of Wisconsin’s continuing economic renaissance.”

“The Mining for America Act was drafted with assistance from environmental groups and other concerned parties and maintains an important balance between allowing opportunity for economic development while maintaining important environmental protections. I look forward to a brighter economic future in northern Wisconsin and all of Wisconsin as a result of this important reform.”
